Dear Ma/Sir,

I write to inform you that Todd Stokes LLP, Ontario Canada, is currently offering Loan and Investment funds to Cooperate bodies, Companies, Industries and Individuals with profitable business ideas and investment projects in various areas that will bring good Returns on Investment (ROI). Our rates start at 3% rate per annul for a duration of 10 years and our processes are simple. You will find out within 3 days if you are eligible and the documentary requirements to access the funds.

We also pay 1% commission to brokers, who introduce project owners for finance or other opportunities. Please get back to me if you are interested in more details.

Yours sincerely,

Dr. Stephen Kent
(Head, SF & CM)
